LIST B					

**SECTION B.[70 Marks]****Answer all questions from this section**

3 .Read the following passage carefully then answer question that follow.

National development refers to the improvement in the life of the people in a country. When the people in a country work hard ,they increase the country’s production .This makes the economy grow ,work improves the lives of the people by producing goods and services that are needed by the people to satisfy their needs .

The economic activities that citizens engage in enable them to pay taxes to the government .Tax is a source of income for the government ,it enable the government to provide social services such as health care, education and security .It also enables the government to engage in development projects such as building of roads and industries .A nation cannot develop without these services from the government ,work is therefore very important if a country is to develop
