**SECTION A****COMPREHENSION AND SUMMARY (20 MARKS)**

1. Read the passage below carefully and then answer the questions that follow  
Have you ever heard of corruption? To my opinions, corruption may be meant the action of giving and receiving illegal gift with the negative aim of diverging personal or public rights. Corruption can be in form of bribery, or misuse of the public or personal resources and authority.  
The corrupt leaders are not good because they block or slowdown the expected development plans of the society and the country for their own benefits, leaders like these are selfish. Corruption leads to lack of reliable social services such as health, water, electric, education and transport. Also poor and moral people who do not want to corrupt cannot be given the rights to; job opportunity, pass school and college examinations, get quick service from officials, and can even be oppressed.  
Generally corruption leads to the zigzag life of the community. In the excellence of their leadership, Tanzanian Comrades have established and strengthened the PROTECTION AND COMBATING OF CORRUPTION BUREAU (PCCB) to deal against all domains of corruption in the country, so that Tanzanians can get fast development and equal rights they expected.  
Therefore it is our burden to join hands with the PCCB, in exposing the corrupt authorities and vote for the patriotic leaders who are not corrupt and who will not take us to the misery life.
